

Jim Grossi's Biography

Jim Grossi is a Principal with CSW Stuber Stroeh Engineering Group and UndergroundGIS. He is also a partner in Marindale Ranch. He has lived in Marin County, in the Stafford Lake Watershed, his entire life and has more than 40 years of civil engineering experience. He is a registered Civil Engineer in California and holds a Bachelor of Science Degree in Civil Engineering from UC Davis. Jim Grossi has designed and provided engineering consulting services for hundreds of projects throughout Northern California. He has performed preliminary planning, feasibility analysis and final design to construction of infrastructure for residential, industrial, commercial and higher education projects. Jim's expertise includes planning, entitlement and permit processing, regulatory approvals, financing, engineering design and construction management for a wide variety of projects, including water supply, Storm Water Management and water conservation projects. Jim has served as a consultant to Northern California Water Agencies and Districts, providing assistance with understanding the needs and challenges faced by institutions and agricultural water users.

Jim Grossi has served on the Boards of numerous community organizations and is presently President of the Board of Trustees of Lincoln School District and serves on the Marin County Flood Zone #1 Advisory Board.
