

NORTH MARIN WATER DISTRICT

REGULATION 20

WHEN EXTENSION OF WATER DISTRIBUTION SYSTEM REQUIRED

Extension of the District's water distribution system including, without limitation, mains, storage tanks, pumps and pumping stations, fire hydrants and appurtenances, shall be constructed to serve new consumers whose lands do not have direct access to or do not abut a street or easement containing an adequate distribution main supplied from adequate pumping or storage facilities. Property with direct access to a street or easement containing an adequate distribution main, but which does not have a major frontage on the street or easement, will be served at such street or easement provided that such property and adjacent properties cannot be further subdivided or developed.
