\$200* RESIDENTIAL HIGH-EFFICIENCY TOILET REBATE

NMWD is offering residential customers up to \$200* rebates for replacing older, non-water-conserving toilets (those that flush more than 1.6 gallons per flush) with new Ultra High Efficiency Toilets (UHET) that use 1.1 gallons per flush (on average for dual flush models) or less. These are more efficient models than the EPA Water Sense rated High Efficiency Toilets currently rebated by NMWD for up to \$125.
